

Good afternoon!

We are back with new downloads for your sims 4. From now on, all our downloads will be standalones in the sims 4 CAS, and they will include their own recolors also created by us. On the other hand, due to the sims 4 system, adult clothing can also be used by teens and elders, so for this reason we have merged these 3 categories in 1 in our [Downloads](#) menu.

- 3 new clothes for teen / adult / elder (male).

- 2 new clothes for teen / adult / elder (female).

- 1 new female tattoo.

Enjoy all!
