

Good evening!

After a break, I apologise for that, we are back with new [downloads](#) for your sims4:

- 2 new dresses for children (fem.)
  
- 4 new outfits for teen / adult / elder (fem.)
  
- 1 new t-shirt for teen / adult / elder (male).
  
- 3 new tattoos.

As you will see all the new clothing textures have been improved in order to make them as realistic as possible, hope you like them. And remember, you can follow us everyday on our social networks:
